The ARGO DuckMaster 8x8 builds on the "Wilderness Series" ARGO 8x8 750 HDi platform to deliver a uniquely equipped go-anywhere package for the ultimate wetlands hunting experience.

Standard vehicle features:

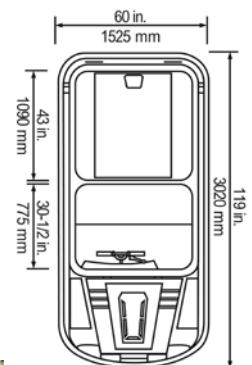

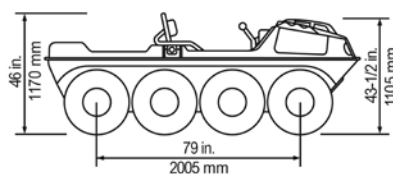

- Robust brushguard provides outstanding protection for the front end of the vehicle, absorbing impacts from off-road hazards such as brush, branches and more.
- 3,500 lb (1,588 kg) WARN Winch
- Dual side entry steps to assist in vehicle entry and exit when outfitted with gear, backpack and firearms
- Dual USB power outlet, for riders to charge their phones, play digital media and utilize their GPS
- Interior lighting package to illuminate front driving area, vehicle console and rear cargo area
- Bilge Pump

Included DuckMaster upgrades:

- Innovative fold down back door for easy access for dogs and passengers
- Mounted two gun Sure Grip gun rack to ensure the safe transportation of firearms to the best hunting grounds
- Easily removable hood rack capable of carrying cargo, decoys and waterfowl trophies out of the blinds and wetlands
- Heavy duty skid plate for added insurance against lower body damage
- Upgraded front and rear seat cushions with a front seat backrest pad featuring refined stitching and custom embossing of the ARGO logo
- Enhanced lighting package featuring dual high powered floodlights
- Brake lights

DIMENSIONS

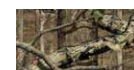

Dimensions are approximate and dependent on final build specification.

AVAILABLE ARGO COLOR

Colors are reproduced with great care, but may vary slightly on actual vehicles.

MOSSY OAK

INFINITY Camo™

- Capacity includes occupants, cargo, outboard motor and fuel, and installed accessories. Max. outboard motor size 7.4 kW (9.9 hp).
- Towing capacity is approximate and depends on type of surface, load on vehicle as well as incline. Max Hitch Tongue Load (when equipped with hitch) 100 lb. (45 kg) for all models
- Subject to rear compartment load capacity limitations.
- Fuel consumption depends on load and operating conditions.
- All speeds are approximate and depend on conditions.
- Always wear approved Personal Floatation Device (PFD) when operating in water or on ice.
- ADMIRAL triple differential steering transmission with dedicated Hi and Low selector; Forward, Neutral, Reverse.

Some vehicle applications shown are for demonstration purposes, originating from third parties and not available from ARGO. In all cases vehicle load limits have been considered. For safety, always wear approved helmets and eye protection. When operating in water, always wear approved Personal Floatation Devices. Always remain seated while in the ARGO. When equipped with tracks, DuckMaster models are not fully amphibious, however water crossing is possible with a fording depth of 26" (660 mm). Printed in Canada 11/2015
