

# The Ultimate Fire & Rescue Vehicles for **EXTREME** Off-Road Performance

*Amphibious UTV*

## Eco-Friendly & Versatile

- 
- A photograph showing three firefighters in full gear, including helmets and high-visibility vests, riding a red Argo amphibious UTV through a river. The vehicle is equipped with a front bumper, a winch, and a large rear cargo platform. The background shows a lush, wooded area.
- Low cost, amphibious, multipurpose vehicle
  - Flexible rear cargo platform
  - Quick change of customized equipment
  - All season operation for high utilization

### APPLICATIONS

- Search & Rescue
- Emergency Medical Services
- Disaster & HAZMAT Response
- Law Enforcement
- Homeland Security
- Coast Guard
- Firefighting & Prevention
- Vector & Pest Control
- People & Equipment Transport
- Support Vehicle in Difficult Terrain
- Snow Plowing

### FEATURES & CAPABILITIES

- Very Low Ground Pressure
- Operates in Flooded Areas
- Crosses Deep Mud and Marshy Terrain
- Fully Amphibious\*
- Up to 6 Passengers\*
- Travels Over Deep Snow and Ice
- High Altitude Performance
- Overcomes Obstacles and Rocky Terrain
- Hauls Trailers and Supplies

\* ARGO models only. Does not apply to CENTAUR 8x8.

**Deep Mud Performance**

**First Aid Support (Red Cross)**

**Operation in -40°C (-40°F)**

**Transport Crew of 3 and Injured**

The CENTAUR is not fully amphibious, but can cross water with a fording depth of 26" (660 mm). Some vehicle applications shown are for demonstration purposes, originating from third parties and not available from ARGO. In all cases vehicle load limits have been considered. For safety, always wear helmets and eye protection. When operating in water, always wear approved Personal Floatation Devices. Always remain seated while in the ARGO.
