

4 INJURED IN UTILITY VEHICLE ROLLOVER

...driving the vehicle across a farm pasture... he lost control after going over several cow paths. The vehicle flipped and rolled until it came to rest on the passenger side.

CEO DIES IN UTV ROLLOVER CRASH

...was driving his Utility Task Vehicle on the trail when he overcorrected and then rolled the UTV.

UTV rollover kills Oregon man

...as trying to climb a steep hill... then the vehicle lost traction and rolled nearly 200 feet down an embankment and into a canal.

Two Injured in UTV Rollover Crash

...while taking his vehicle down a steep hillside, a wheel got caught on the terrain... [the UTV] rolled over and landed on his leg.

BE CAREFUL OUT THERE!

Near-Miss Report: UTV ROLLOVER ON WILDLAND FIRE

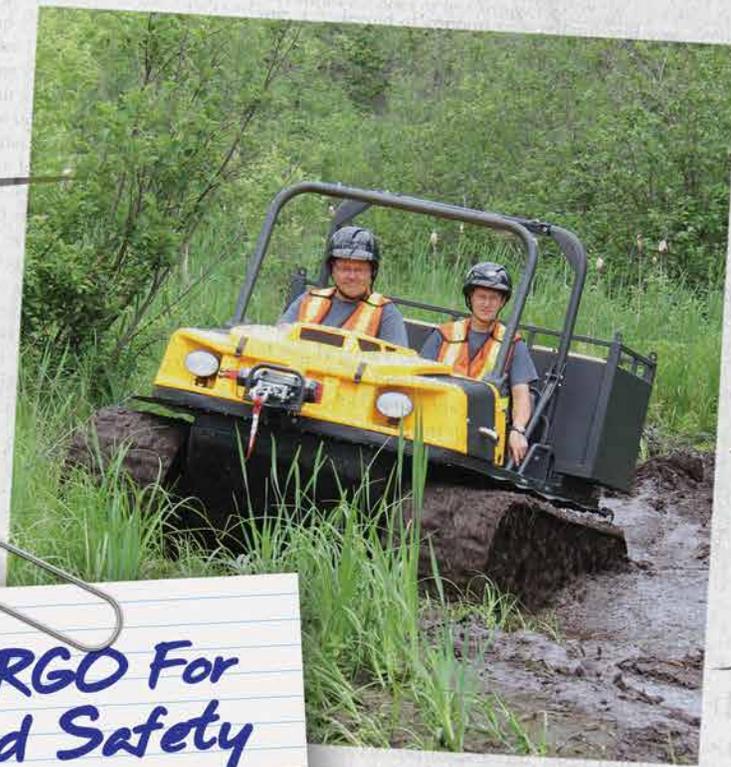

A fire department UTV rolled over while en route to a small wildland fire in steep terrain.

ROLLOVER ACCIDENT RATE BLAMED ON DEFECTIVE DESIGN

Reports of injuries and deaths continue to mount due to the alleged inherent instability of the off-road vehicle... a high center of gravity and narrow wheel base makes a rollover possible even at low speeds.

2 area men injured in UTV rollover

A 30-year-old man was in critical condition after he and a friend rolled an off-road vehicle... driving along an access road near a campground.

Missouri Man Killed in UTV Rollover Accident

...Highway Patrol responded to a fatal UTV rollover accident that occurred on a private driveway... According to the accident report, a UTV overturned and ejected the driver...

Trust ARGO For Offroad Safety

- Unmatched rollover resistance
- Personnel protection features
- "Get home" capability

1 DEAD AFTER UTV ROLLOVER

...the driver attempted a very sharp turn, lost control and rolled the vehicle. The driver was later pronounced dead... transported to local hospitals.

CONSTRUCTION WORKER INJURED IN ROLLOVER ACCIDENT

...while taking his vehicle down a steep hill, the driver got caught on the terrain... [the UTV] landed on his leg.

One dead, 6 injured in UTV rollover

...the driver attempted a very sharp turn, lost control and rolled the vehicle. The driver was pronounced dead... six occupants were transported to local hospitals.

ARGO

Offroad Dependability Delivers On-The-Job Safety

Vehicle shown is not fully amphibious.
Third party accessories shown courtesy of Lincoln Electric.

Trust the Extreme Terrain ARGO to take crews wherever they're needed - and get them home safely!

Unmatched rollover resistance

ARGO XTVs are up to four times less likely to rollover than traditional UTVs. Even when fully loaded with passengers, supplies and tools, ARGO's low center of gravity keeps a sure footing while climbing grades, going over rocks and challenging terrain.

- Payload compartment keeps tool attachments and cargo weights low to the ground
- Triple-differential transmission provides exceptionally smooth steering with traction to all wheels
- Amphibious ARGO provides excellent stability on water
- Optional wheels and tracks maximize traction on loose soils and snow

Personnel protection features

Equip your ARGO for added protection from offroad hazards and extreme weather.

- Tubular steel ROPS frame available with seat belts for driver and front seat passenger
- Rear bench seat roll-bar package with additional seat belts
- 2-person or 4-person hard tops for overhead protection
- Full or half-top canvas enclosures protect against cold, sun, wind, rain
- All-season safety and comfort with heater, windshield, bilge pump, back-up alarm, fog lamps and more

"Get home" safe & sure

ARGO goes where others can't follow! 8x8 mobility and strong-but-light construction lets crews traverse all types of terrain from rock to muskeg to deep snow.

- Choice of rubber tracks can reduce ground pressure to less than a footstep
- Swim or ford water obstacles with no preparation required to enter or exit
- Integral skid plate and high ground clearance prevent undercarriage damage and hang ups
